

## **THE VICTORY HALL WARSASH FIRE POLICY**

This policy applies to all employees, user groups, hirers, regular users and contractors using and working in The Victory Hall.

### **Statement**

The issue of Fire Safety is taken extremely seriously and the Management Committee will strive to ensure that The Victory Hall charity and its employees comply with the Regulatory reform (Fire Safety) Order 2005. More importantly we will strive to ensure the safety of all persons who have a legitimate right to be in, on or in the vicinity of the premises from fire and its effects.

### **Responsibilities of the Management Committee**

The Management Committee will, as the body in control of the premises be the 'responsible person'.

The responsible person is responsible for complying with the Regulatory Reform (Fire Safety) Order 2005 and is required to either carry out a fire risk assessment and then take the necessary steps to reduce or remove the risk so that it is as low as possible, or delegate this task to somebody else.

The responsible person will appoint the Hall Manager as the 'competent persons' to undertake the risk assessment and carry out any of the preventative and protective measures.

A competent person is someone with enough training and or experience and or knowledge and other qualities to be able to implement these measures properly.

### **Responsibility to Employees, User Groups and Hirers**

The Management Committee has a responsibility to ensure that employees, user groups and hirers are aware of the fire safety regulations and that the user or hirer appoints a person to take responsibility at the session/meeting/event.

Employees, user groups and hirers should be fully instructed with regard to fire procedures and the use of equipment, and provided with written instructions. A signed copy should be held by the Management Committee.

Employees, user groups and hirers who are responsible for the sessions/meeting/events held on the premises must identify a named 'Responsible Person' present who must ensure that they have a list of persons attending.

At large public events where individual attendance lists are impracticable such as music festivals, weddings and parties, a number of 'Responsible Persons' should be identified in order to supervise and control any emergency that may arise.

In the event of an evacuation of the building, the 'Responsible Person/s' for that session/meeting/event/group will take the record of attendees to the assembly point and assist with the evacuation of the building.
